**Determination Regarding Holding Meeting Without Anchor Location**

Public Body: Uniform Building Code Commission Plumbing/Health Advisory Committee

Chair Name: Nathan Lunstad

The public meeting(s) scheduled for January 7, 2021 (Date or date range) will be conducted electronically and without an anchor location. I have determined meeting with an anchor location presents a substantial risk to the health and safety of those who may be present at the anchor location.

Facts upon which my determination is based:

Governor Gary Herbert issued Utah Executive Order 2020-1 declaring a state of emergency in response to COVID-19, and pursuant to Utah Executive Order 2020-5, modified the Open and Public Meetings Act requirements allowing electronic meetings without an anchor location. Utah Executive Order 2020-5 allows a public body to hold an electronic meeting, to provide means by which interested persons and the public may remotely hear or observe by audio or video transmission the open portions of the meeting. As a result, the

Chair determines that there is substantial risk to the health and safety of those who may be present and will therefore be conducting its public meeting referenced above electronically, without an anchor location.

Signed this 7 day of January 2021

#### MINUTES

Approval of the minutes from the June 7, 2018 meeting was deferred until the next meeting as there was not a quorum present.

#### REVIEW LEGISLATIVE REQUEST FOR A RECOMMENDATION ON THE 2018 ISPSC

Those present discussed the adoption of the 2018 International Swimming Pool and Spa Code. Linda Ebert introduced several changes that she is recommending be made if the code is adopted. The Department of Health has reviewed the code and reported that they are in favor of adoption of the code with three exceptions. They are asking that the correct sections of Title 15A are referred to in connection with the IBC and IRC. The definition for private residential swimming pool needs to be changed so it is the same as the definition from the Department of Health in R392-302-2.

The only other change she recommended was in Section 320.1. The words “or storm” need to be deleted, the words “onsite waste water” need to be added before the word “disposal” and the words “or shall be disposed of by other means approve by the state or local authority” need to be deleted.

MAKE A RECOMMENDATION TO  
THE UBC COMMISSION IN CON-  
NECTION WITH THE 2018 ISPSC

Those present made a recommendation to approve the adoption of the 2018 ISPSC along with the three changes discussed.

The meeting adjourned at 10:13.
